Dear Geoff.

It long last I am getting down to

writing to thank you for the lovely enclosure letter

and the Amigo - start like us here with the Cam.

I thought it was funny when I came

and Andrew visited me, in the framed letter and

Photos and the sheets!! Very reasonably wearing them.

That a thought at you next

"d." on King's B1 Day. This is for your eyes only. ^{Mr} No Ten

Question. Did him leave any limbs during his

lifetime? He had one finger that stayed bent

down, and was a Ragnard under sailing. He had

the finger off, and had quite a lot of skin, NOT sure

which hand, but I think LEFT.

I mailed you a lot with him

on FAIRWINDS. My son John has photo of Fairwind.

We had a meeting at ~~the~~ Buckland Hotel near

Wynton. I am on the move to an Allengfield

came home. The food is fantastic, staff can't do

enough for you & a few guests. I make new orders.

Fair is a good move, the children

don't have to worry about me, and I like it. I do not

like looking after myself after 64 yrs of married life!!

I shall have a shower before I

leave, sitting room & bathroom. I shall have an M. G.

Walt. Return of him, Cynthia's orders & it clear M. G.

Anyone over I expect holds close will

bring the to see me.

Nothing about recovery, but good 'Domini'!!

Kind Regards to all M. G. from
your sincerely
John
